

Arthropod Images Archive

Odonata

This is a new archive, updating the old Odonata Pictures that were on the server. Just click on a name to see the photograph. **You can use these images for your personal use, but not for commercial uses.** If a photograph has a copyright symbol, it is copyrighted by the author and can only be used elsewhere with his or her explicit permission. Permission must be given to include any of these images elsewhere or for any other use that does not constitute personal use. If you would like use any photographs or wish to add your photographs to our collection, please email Mark O'Brien.

LIST OF IMAGES

ZYGOPTERA - Damselflies

[Amphiagrion saucium](#) MFO

[Argia apicalis](#) - MFO

[Argia fumipennis](#) C.W.

[Argia moesta](#) C.W.

[Argia moesta pair](#) C.W.

[Argia sedula](#) C.W.

[Calopteryx aequabilis](#) - MFO

[Calopteryx maculata](#) - MFO

[Calopteryx maculata](#) PM

[Enallagma basidens](#) - MFO

[Enallagma boreale](#) - MFO

[Enallagma civile](#) male - MFO

[Enallagma civile](#) mating - MFO

[Enallagma hageni](#) - MFO

[Hetaerina americana](#) - MFO

[Telebasis salva](#) C.W.

ANISOPTERA - Dragonflies

[Aeshna interrupta](#) - MFO

[Aeshna teneral](#) - WW

[Aeshna verticalis](#)- A.C.

[Anax junius pair](#) MFO

[Anax junius](#) - teneral - CF

[Anax longipes](#) C.W.

[Basiaeschna janata](#) - A.C.
[Boyeria vinosa](#) exuvium - MFO
[Boyeria vinosa](#) - MFO
[Celithemis elisa](#)-
[Celithemis elisa](#) - male - MFO
[Celithemis eponina](#) MFO
[Cordulegaster diastatops](#)- TWD
[Cordulia shurtleffi](#) - MFO
[Didymops transversa](#) - teneral - L.R.
[Didymops transversa emerging](#) - L.R.
[Didymops transversa](#)- AC
[Epiptera cynosura](#) - male - MFO
[Epiptera princeps](#) - A.C.
[Erythemis simplicicollis](#) - male, MFO
[Erythemis simplicicollis - male](#)
[Erythemis simplicicollis - female](#) - A.C.
[Erythemis simplicicollis](#) female feeding - SER
[Gomphoides stigmatus](#) C.W.
[Gomphus fraternus](#)- TWD
[Gomphus lividus](#) - TWD
[Hagenius brevistylus](#) - MFO
[Hylogomphus adelphus](#) - TWD
[Ladona \(Libellula\) julia](#) - MFO
[Ladona julia male](#) - MFO
[Leucorrhinia intacta](#) - A.C.
[Leucorrhinia proxima](#) - MFO
[Libellula croceipennis - female](#) C.W.
[Libellula croceipennis - male](#) C.W.
[Libellula cyanea](#) - male - MFO
[Libellula luctuosa](#) male - SER
[Libellula pulchella](#) - A.C.
[Libellula quadrimaculata var. praenubila](#) - MFO
[Macromia annulata](#) C.W.
[Macromia georgina](#) C.W.
[Nannothemis bella](#) - fem - SER
[Nannothemis bella](#)- male - SER
[Ophiogomphus howei](#) - TWD
[Pachydiplax longipennis](#) - A.C.
[Perithemis tenera - female](#)
[Plathemis \(Libellula\) lydia](#) - A.C.
[Plathemis \(Libellula\) lydia](#) - MFO

[P. lydia](#) - another shot - MFO
[Progomphus obscurus](#) - P Myers
[Somatochlora hineana](#) - MFO
[Somatochlora hineana](#) -MFO

[Somatochlora tenebrosa](#) - MFO
[Somatochlora minor](#) - MFO
[Stylurus spiniceps](#) - CF
[Sympetrum costiferum](#)- fem, MFO
[Sympetrum danae](#)
[Sympetrum sp. 1](#) - MFO
[Sympetrum vicinum](#) - PM
[Tachopteryx thoreyi](#)
[Tramea lacerata](#) - AC
[Williamsonia fletcheri](#) (SR)
[Williamsonia lintneri](#) (SR)

Photographs of *Argia* species by Dennis R. Paulson (all are copyright D.R. Paulson)*

Argia adamsi - male	Argia johannella - male	Argia pulla - male
Argia cupraurea - pair	Argia johannella - female	Argia pulla - female
Argia difficilis - male	Argia medullaris - male	Argia pulla - pair
Argia difficilis - female	Argia moesta - ovipositing	Argia rhoadsi - male
Argia extranea - male	Argia oculata - male	Argia talamanca - pair
Argia fissa - male	Argia oenea - male	Argia terira - male
Argia indicatrix - male	Argia plana - male	Argia tezpi - male
Argia indicatrix - pair	Argia popoluca - male	Argia ulmeca - male
		Argia underwoodi - male

* As a bit of background, Paulson loaned the slides to L.K. Gloyd at the UMMZ in the late 1960s. I came across them only a few months ago, and received Paulson's permission to scan them and put them on the web. The slides are now back in his possession. - MFO, 10/07/96.
